**Siku quanshu 四庫全書**

**Summary:** This database is based on the Wenyuan Ge 文淵閣 copy of the *Siku quanshu*.

Wenyuan Ge was the palace library of the Qing Dynasty and was located inside the Forbidden City of Beijing. In the late 1940s, the entire Wenyuan Ge copy of *Siku quanshu* was moved to Taiwan and was reprinted in the 1980s. UM joined some other North American institutions to purchase the digitized *Siku quanshu*, which was installed in a server at Yale.

1. Log in the database from any computer with Internet access (off-campus users need to first log in with their UM unique name and password).
2. Click on 進階检索.
3. Input the search word in the box before 檢索, limit the search to a certain work by entering the title in the space after 書名條件, then click on 檢索. You can also click on 書名條件 and then find the title by Pinyin or stroke number.
4. From the search result list, click on 匹配 to view the hits. Note that there may be more than one hit 匹配 in a chapter 卷.
5. To copy the text into MS Word or other word processing applications, click on 拷貝文字 in the left side menu bar.
